FOXXCON Training & Conference 2026

Mission

Empower cybersecurity talent through hands-on challenges, expert insight, & community collaboration.

Vision

Build India's most influential cybersecurity community where talent is discovered, skills are sharpened, & the future of digital security is shaped together.

Scale

500+ attendees - 50+ industry experts - 25+ practical sessions across multiple tracks.

Uniqueness

Community-powered, unapologetically practical – an edgy, welcoming forum focused on real-world hacking and collaboration.

Event Highlights

FOXXCON 2026 spans three dynamic days

Two days of intensive training sessions followed by a main conference day packed with keynotes & talks

Attendees will experience hands-on workshops, live hacking demos, Capture The Flag competitions, expert-led talks and panel discussions throughout the event

Over 500 participants are expected, ranging from students & up-and-coming developers to seasoned ethical hackers and industry leaders

The agenda features 50+ renowned speakers sharing insights on hot topics like AI/ML security, cloud (AWS) pentesting, IoT hacking, & advanced threat defense strategies

Audience Profile

FOXXCON attracts a diverse, tech-savvy audience from across the cybersecurity ecosystem

- **Ethical Hackers & Red Teamers**
Skilled security professionals and offensive security enthusiasts refining their craft
- **Developers & IT Professionals**
Software engineers and tech practitioners keen to build secure systems and learn hacking techniques
- **Students & Aspiring Experts**
University students, fresh graduates, & beginners eager to learn from real-world security scenario
- **Researchers & Industry Leaders**
Cybersecurity researchers, startup founders, and corporate security executives sharing insights and exploring new solutions
